

SKILLS & TALENT

ACROSS ALL INDUSTRIAL SECTORS

A DEDICATED PACKAGE OF HR SERVICES

TO MAKE YOUR IMPLANTATION PROJECT A SUCCESS

Our human resources service works with employment agencies and training and education organizations to provide customized support (consulting, recruiting, financing) at every step of your project to:

- identify your company's HR needs and expectations
- mobilize the right networks
- create solutions in cooperation with local partners

In special partnership with training and educational stakeholders including the Académie Aix-Marseille and the Académie Nice educational districts, AFPA, APEC, the Campus des Métiers et des Qualifications, DIRECCTE, OFII, Pôle Emploi, and UIMM.

will work in professions that have
not yet been invented.

– Report from the French Senate

“SUCCESS STORIES”

“Revolutions in technology, energy, society... industry is being profoundly transformed and plays a more important role than ever as a motor for the country's economic development. Innovation, performance, international opportunities, and professional training are the cardinal virtues that make companies in the Sud Provence-Alpes-Côte d'Azur Region global standard-bearers.”

Philippe DARMAYAN
President of the Union des Industries et des Métiers de la Métallurgie
(employers' organization for industrial companies in the metals sector)
